## CAM-AU3-AD

Rear View Camera OBD-Coder for Audi Vehicles with MMI3G Basic/High. OBD Dongle for rear camera activation - with video input cable included.

Only Compatible with Vehicles with Factory Park Distance Control. Supplied with camera video input cable for rear of head unit.

### Prior to Installation

Read the manual prior to installation. Technical knowledge is necessary for installation. The place of installation must be free of moisture and away from heat sources. Please ensure you use the correct tools to avoid damage to the vehicle or product.

**Connects2 can not be held responsible for the installation of this product.**

### FITTING GUIDE

---

1. **Locate OBD-port and remove cover**
2. **Turn on ignition**
3. **Wait until the head-unit has booted up**
4. **Plug coder into OBD-port**
5. **Leave coder in OBD-port for roughly 15 seconds**
6. **Remove coder from the OBD-port**

To reverse the coding, repeat steps 2-7

**Note: After the first use on a vehicle, the CAM-AU3-AD is personalised to this vehicle (head-unit) and can be used unlimited times to code or reverse coding on this vehicle.**

### Technical Support

Connects2 want to provide a fast and suitable resolution should you encounter any technical issues. With this in mind, when contacting Connects2, try to provide as much information as possible. This will speed up the process and help us to help you.
