- 1m Camera with cable to mini Male 4pin connector
- 20cm camera connection cable with mini Female 4pin connector to Male 4 pin 'screw on' connector
- 10m Female 4 pin 'screw on' connector to Male Video RCA plus 12V+ & Ground wire connections for power
- Instructions

INSTALLATION

1. Remove the relevant brake light housing from the vehicle and carefully remove the bulbs/bulb holder assembly.
2. Insert the bulbs/bulb holder assembly into the camera and refit to the vehicle taking care not to trap any cables.
3. Connect the camera cable to the camera connection cable.
4. Connect the camera connection cable to the display monitor using an extension - 4pin to RCA convertor cable and ensure that the image is displayed correctly.
